EDUCATION

Bachelor of Computer Engineering, Air University

June 2023

As a recent graduate in Computer Engineering, I am embarking on an exciting journey as a front-end developer, specializing in React.js. My passion lies in crafting visually stunning and highly interactive web experiences. With a keen eye for design and a deep understanding of modern web technologies, I am eager to bring fresh perspectives and innovative solutions to the digital world. Ready to turn complex problems into elegant solutions, I am committed to pushing the boundaries of what's possible in web development.

Technical Skills

HTML/CSS, MySQL, Reactjs, C/C++, Javascript

Soft Skills

Leadership, Communication, Creativity, Analytical Thinking & Problem Solving

Bytewise Fellowship Program Jun, 8 2024 - Present

BWT – React & Next.js

(Remote)

- Participating in an intensive web development fellowship program.
- Learning and applying key web technologies: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, Material UI, ReactJS, and Next.js.
- Developing modern, responsive web applications through hands-on projects.
- Enhancing skills in front-end development and user interface design

Internee Engineer

Jun 2022 - Aug 2022

Pakistan Air Force

Kamra, PK

- Learned and Gained Hands on Experience in troubleshooting the network issues in LAN.
- It also enabled me to learn about Network Hardware Devices and Cables.

PROJECTS

To-Do List App

React.js | Bootstrap

- Developed a dynamic To-Do List application using React.js and Bootstrap.
- Implemented features such as adding, editing, and deleting tasks to enhance user interactivity.
- Designed a responsive and intuitive user interface with Bootstrap to ensure accessibility across devices.

Calculator

React.js | Bootstrap

- Created a fully functional calculator application using React.js.
- Developed a clean and intuitive user interface using custom CSS for a seamless user experience.
- Utilized React's component-based architecture to build reusable and maintainable code.
- Ensured responsive design, allowing the application to work smoothly across various devices
